

DROBNJAK MARKO

SOFTWARE DEVELOPER

ABOUT ME

Final year student at the Technical Faculty in Čačak. The remaining number of exams is 1. Eager for new knowledge, hardworking, reliable. I have a solid knowledge of the following languages and programs.

HTML

CSS

JAVA
SCRIPT

Currently learning

REACT

From a young age, I have loved computers and computer technology. As I grew up, I paid more and more attention to it and of course I was educated for it. I only see myself in programming and I am willing to invest myself in it. In addition, I am very communicative, athletically active and easily fit in with other people. I love traveling, movies, cars and everything related to nice company.

PERSONAL DATA

- Date of birth: 11. 03. 1998.
